Quarterly Newsletter: February 2010

## HERETAUNGA PLAYS FATHER CHRISTMAS

Heretaunga Director Bryce Jones, felt like Father Christmas when he arrived at Mrs Thelma Cameron's door carrying a very large Christmas Hamper, December's 'Lucky Customer' prize. "What a thrill" she said "I've never won anything like this before". Mrs Cameron had been encouraged to put some money with the Heretaunga Building Society by the late George Chamberlain, a Director at the time, and she is one of our long-standing depositors.

## ANTI MONEY LAUNDERING AND COUNTERING FINANCING OF TERRORISM

The New Zealand Government has enacted legislation to counteract money laundering. To comply with this legislation, we are required to obtain up to date signed account authorities and photo identification for all our clients. Many of you will have received correspondence from us and we thank those who have responded.

We ask those that have still to respond, to please do so as soon as possible to enable us to ensure our files are in order.

## EXCELLENT NINE MONTHS

The past nine months have been good for Heretaunga, with mortgage lending up \$1.3 million and deposits standing at \$17.2 million.

## NO MILLIONAIRES AGAIN!

We haven't heard back from any of our 'Lucky Lotto' ticket holders (January and February prizes) so must presume the worst. We'd been working on the adage 'If at first you don't succeed, try, try again' hoping to make one of our 'lucky customers' a millionaire or at least a prize winner but no such luck, so we will think up a new prize for March.

Mr. and Mrs Ken Rae were our November winners and their prize was a three-course dinner for two at the Mangapapa Petite Hotel, once the home of Sir James and Lady Wattie.

## HERETAUNGA UP WITH THE LATEST

Thanks to Brown Webb Richardson Ltd's computer consultant Matt Bron, the Heretaunga Building Society now has its own website. [www.heretaungabuildingsociety.co.nz](http://www.heretaungabuildingsociety.co.nz).

We also email local business and professional houses with our latest deposit and lending interest rates on a weekly basis, helping Heretaunga build and maintain a high profile and hopefully bring in additional business.
